All For Kids Welcomes RaiseAChild as a New Partner to Expand Support for Foster and Adoptive Families

[Los Angeles, CA — April 21, 2025] — All For Kids, a nonprofit leader in child and family well-being, is proud to announce a strategic partnership with RaiseAChild, an organization dedicated to recruiting, educating, and supporting LGBTQ+ and Spanish-speaking foster and adoptive parents. Through this partnership, RaiseAChild will become part of the All For Kids family, ensuring the long-term sustainability of its mission while benefiting from All For Kids' infrastructure and leadership.

“For over 120 years, All For Kids has worked to strengthen families and communities,” said Ronald E. Brown, Ph.D., President & CEO of All For Kids. “RaiseAChild has paved the way for more inclusive foster and adoptive parenting, especially for LGBTQ+ and Spanish-speaking families. Together, we’re building on that legacy—removing barriers, expanding access, and ensuring every child has the chance to grow up in a safe, supportive home.”

Key highlights of the partnership include:

- RaiseAChild programs will continue uninterrupted, ensuring families receive the same high-quality services and support.
- All RaiseAChild staff will officially become part of All For Kids, retaining their roles and continuing their essential work.
- RaiseAChild will maintain its name and identity, while benefiting from All For Kids' operational support.
- Families will have increased access to resources, training, and long-term support through this strengthened network.

RaiseAChild will continue offering its Partner Recruitment Program, providing foster family agencies with opportunities to expand inclusive recruitment through branded campaigns, targeted outreach, and community engagement strategies. Organizations interested in strengthening their recruitment pipeline or reaching more diverse families are encouraged to connect.

Philanthropic partners and funders also play a critical role in sustaining and expanding this work. Support helps increase visibility, strengthen inclusive recruitment efforts, and ensure more children are connected to safe, loving homes.
