

Trusted Experts Advocating for Prevention

All For Kids provides input in fields where our agency has a long history as trusted experts and bold innovators.

At 14 sites throughout Los Angeles and Orange Counties, our team prevents abuse and nurtures child well-being for more than 70,000 children and families each year.

The policies we prioritize support these same efforts.

That's why when we speak, policymakers listen.

All For Kids Policy Priorities

Childcare

Healthcare

Financial Stability

Strong Communities

Robust Foster Care System

Policy Priorities in Action

Childcare and Early Childhood Development

All For Kids operates a State Preschool (CSPP) and administers Home Visiting Programs (HVPs) providing new parents with one-on-one guidance on developmental milestones, enhanced bonding and links to supports.

Healthcare for Children and Their Families

All For Kids delivers behavioral health therapy through evidence-based practices (EBPs), wraparound services, day treatment options and intensive mental health support.

Family Financial Stability

All For Kids provides case management services through our Prevention & Aftercare (P&A) and Partnership for Families (PFF) programs, which help families meet basic needs and navigate complex systems.

Strong Communities Where Children Thrive

All For Kids leads community-trusted Family Resource Centers (FRCs) and collaborative networks which bring parents, residents, businesses and local nonprofits together to build community capacity.

A Robust Foster Care System

All For Kids finds children safe and loving homes through our foster care and adoption services, resource parent training and post-adoption support.

All For Kids calls on legislators, organizations, and community members alike to join together and help us create a world where every child is safe to grow.

Adam Seiden, All For Kids Director of Policy Advocacy & External Engagement
